CHILD DEVELOPMENT

CONTENTS

VOLUME 17, 1946

Numbers 1 and 2, March - June, 1946

Physical growth from birth to two years: II. Head circumference. Part I. A review and synthesis of North American research on groups of infants.
Howard V. Meredith 1
Father-fantasies and father-typing in father-separated children.
George R. Bach 63
Biological and medical studies at the Samuel S. Fels Research Institute.
L. W. Sontag 81
Child Development in relation to community social structure.
Robert J. Havighurst 85
Parents' attitudes on child behavior: A report of three studies.
John E. Anderson 91

Number 3, September, 1946

Doll play as a function of the doll family constellation.
Elizabeth F. Robinson 99
Sexual maturation and the growth of fat, muscle and bone in girls.
Earle L. Reynolds 121
The speech behavior of infants without families.
Arthur J. Brodbeck and Orvis C. Irwin 145

Number 4, December, 1946

Individual growth in hip width: A study covering the age period from 5 to 9 years based upon seriatim data for 55 nonpathologic white children.
Howard V. Meredith and Lois Jean Carl 157
Skeletal maturing as related to strength.
Harold E. Jones 173
An analysis of food consumption and preferences of nursery school children.
Mina Wolf Lamb and Bing-Chung Ling 187

Effect of father separation on preschool children's doll play aggression.
Robert R. Sears, Margaret H. Pintler and Pauline S. Sears 219
A note on the comparative motor ability of Negro and white tenth grade girls.
Anna S. Espenschade 245
